electrodes on the body

PHYSICIAN'S LETTER OF MEDICAL NECESSITY: This letter is to request benefits of the FDA cleared BioWaveHOME® Neuromodulation Pain Therapy System HCPC CODE: E1399 performed for said patient. Due to the patient's condition, BioWaveHOME® treatment was performed to decrease pain and accelerate return to function. BioWaveHOME® uses a patented electronic signal technology allowing delivery of the electrical signals directly to the surface of pain nerves which prevents the formation of the pain signal and blocks the transmission of chronic, acute and post-surgical musculoskeletal pain. Based on the patient's condition and medical need, our current treatment plan includes permanent long term use with the BioWaveHOME® system.

RX:

- BioWaveHOME Neuromodulation Pain Therapy System (HCPC CODE: E1399) nerve stimulation for the treatment of chronic, acute and postoperative pain
- Duration of Treatment: 30 minutes
- Long Term Use
- May treat immediately preceding exercise or range of motion therapy. With BioWave NONINVASIVE Electrodes, may use DURING exercise or range of motion therapy to facilitate therapy and manage pain simultaneously.
- May use with BioWave NONINVASIVE Electrodes (HCPC CODE: A4595) up to 5 times per day with 1 – 4 hours between treatments or on an as needed basis.
